CYAN IS BLEED

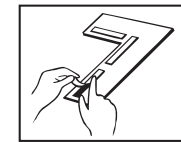

## How to Apply the MARQUEE

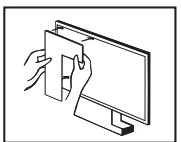

1. Remove your Kwik-Stik® MARQUEE and adhesive strips. Strips have an adhesive on BOTH sides - one side has "removable" adhesive, the other side has "permanent" adhesive (indicated on the protective covering).

2. Remove plain protective covering exposing the "permanent" adhesive and apply strips to the designated areas on the back of the MARQUEE.

3. Peel away protective covering to expose "removable" adhesive and apply your Kwik-Stik® MARQUEE to the monitor frame. Note: MARQUEE can be easily removed and repositioned.

ITEM: KM-P54 / KM-R54  
MATERIAL: 20 MIL PLASTIC  
SIZE: 10.625" X 8"  
IMPRINT COLORS:

Notes:

Colors viewed will vary vastly from monitor to monitor. Do NOT rely on screen images for exact color matches. A physical proof can be supplied for color critical applications. Two types of proof are available for color approval. Production proofs show exact color, contract proofs show approximate color. Contact printer for color proofing options and pricing pertaining to order.
